Welcome Message

We are delighted to welcome you to The English Academy, a successful British school located in the heart of Hawally, Kuwait. Since opening our doors in 1993, we have been proud to provide a high-quality British education to students from Kindergarten through to Year 13.

At The English Academy, we are dedicated to nurturing every child's academic potential while also supporting their personal, social, and emotional development. Our committed staff, strong community values, and focus on holistic learning create an environment where pupils are inspired to grow into confident, respectful, and responsible individuals.

The purpose of this handbook is to inform both pupils and parents about the facilities, systems, and expectations in the Primary Department of The English Academy.

It is essential that the information contained within this handbook is the subject of discussion between parents and pupils, as it will be assumed that everyone has a full understanding of its content.

To this end, you are asked to sign and return the reply slip at the end of the handbook by Sunday 14th September. This slip should be given to your child's class teacher.

We look forward to working in partnership with you to ensure your child has a happy, successful, and enriching experience at The English Academy. Welcome to The English Academy family.

Academic Life at The English Academy

At The English Academy, we help your child learn in small, manageable steps. This allows them to build confidence and knowledge that will help them succeed in their future education.

We also teach your child important skills such as working with others, solving problems, and understanding how to agree with others when there are different opinions. Pupils learn to take responsibility for their actions and understand how their choices can affect others. Teamwork and cooperation are important in every class.

Our curriculum mainly follows the British National Curriculum.

In Key Stage 1, children learn through themes. A theme is a subject that links lessons in different areas, like Science, History, Geography, and Art. Each theme lasts for 4 to 6 weeks. In addition to theme lessons, your child will also have separate lessons in Maths, ICT, PE, and Music.

We make sure to adjust our teaching to suit the needs of children in Kuwait. This helps make learning more relevant and easier for your child to understand.

In KS2 your child will study:

- English (Literacy)
- Mathematics
- Science,
- Humanities (History and Geography),
- ICT ,and PSHE (Personal, Social, Health and Economic Education).
- PE,
- Music
- Art

In Years 5 and 6, students will study Social Studies, which helps broaden their understanding of the world.

We adapt our teaching to meet the needs of children in Kuwait, making learning more relevant and easier for your child to understand.

Academic Life at The English Academy cont...

All pupils at The English Academy learn Arabic. If Arabic is spoken at home, it's taught as a first language. If not, it's taught as a foreign language.

Muslim pupils also study the Qur'an and Islamic Studies, following the Ministry of Education's official curriculum.

Throughout the year, we have themed learning weeks including:

- International Week,
- Health Week,
- Literacy Week,
- Science Week.

During these weeks, there are competitions for best dressed and various other exciting challenges. Each week ends with a colourful costume parade where students can show off their creative outfits.

Awards for these competitions are carefully chosen by the teachers, and we encourage everyone to celebrate the winners for their creativity and effort. **These awards are not open to dispute, as they reflect the teachers' fair judgment and the fun spirit of the event.**

We organise educational trips to help students learn outside the classroom in fun and real-life settings. We also have exciting BSO competitions such as Mathletes, Spelling Bee, and Poetry. These events give students opportunities to showcase their skills and talents in a fun and engaging way.

Assessments & Reports

Your child will have formal assessment throughout the course of the academic year. Their progress will be communicated through the end of term reports.

Missed Assessments

Please note that if your child misses an assessment (for a medical reason) they will complete this after the assessment has already taken place. **A medical note must be sent to the school secretary.**

Please note that their progress will be based upon formal assessments, classwork and contributions in class and is based upon teacher discretion. In both Literacy and Maths, children will only be able to progress to WAB during Term 3.

Grading:

WAB: Your child is exceeding expectations, showing deep understanding and going beyond in their thinking. This is consistently evident in three or more pieces of high-quality work.
